State Awards 2024 Entry Pack

USA State Business Awards
2024 Entry Pack

Recognition Starts Here

Why are
USA Awards
different?

We removed all upfront costs, all risk, and lowered the barrier to entry for everyone, because **this is the change we wanted to see** in the business awards arena.

That means...

entry is free. **You only pay for awards that you win**, so you can enter your business risk-free.

That means...

you have the chance to be **judged on merit alone**. Being a small business is no longer a disadvantage.

What's in it for my business?

Being an Award Winner comes with more than pride & prestige. You'll get **free award winner assets** to promote your business, and be featured & promoted in social media, **articles & PR at no extra cost.**

Professional Publicity Package

As a winner or finalist, you get instant industry recognition, publicity from global press releases, Google & Yahoo! News features, and professional content marketing.

Social Promo & Engagement

Social media marketing is important for all businesses, which is why we **announce and promote** your accolades on social platforms, and regularly comment and engage with you and your followers.

Quick & Easy Entry

We've made the process simple so you don't have to spend hours on each application. Just select the categories you're a good fit for and complete **one single submission form**.
